

No Idling Pledge

for School Districts

We pledge to protect the health and well-being of the students and staff of our school district. We recognize that buses are the safest mode of student transportation, yet excessive school-bus emissions of soot from idling are a threat to children's health.

To protect students and staff from harmful soot, we voluntarily pledge:

- ♦ To turn off engines while waiting to load and to unload students*
- ♦ To use newest buses for the longest routes*
- ♦ To maintain buses to eliminate any visible exhaust*
- ♦ To complete school-bus driver training on eliminating idling*
